Medico legal Work

My interest in Medico legal work began as a medical student when I took part in training jointly organised by the Royal College of Surgeons of England and Lincoln's Inn, in the late 1980's.

I commenced medico legal work in 1999 and currently complete @ 150 reports per annum. I have considerable experience in Medical Negligence.

I am an appointed 'Expert' for the General Medical Council.

I undertake some criminal work as an expert and this makes up the bulk of my court room experience, having taken part in three murder trials.

I have completed the following:

Bond Solon Certificate of Expert Witness Accreditation (U. Cardiff) 2005
Masterclass Update 2017

Bond Solon Civil Procedure Rules Certificate 2013

Update for Expert Witnesses May 2020

I confirm that I have acted in accordance with the code of practice or conduct for experts of my discipline, namely "Acting as an expert or professional witness – Guidance for Healthcare Professionals" which is endorsed by The Royal College of Surgeons of England and is consistent with the standards and guidance of The General Medical Council.
