

Rick YEOMANS - Compliance Manager & Digital Forensics Expert

Rick has been working in the field of Digital Forensics since the 1980s, for the Military, Police and private sector. He is a highly qualified and experienced Expert regularly providing evidence in digital forensics and cell site analysis.

Rashid RAJA

Rashid's spent his early years in digital forensics with the likes of EDS/Vistrom and the Serious Fraud Office. He now specialises in defending high profile cases including child pornography, fraud and anti-terrorism

Laura Johnson

Alongside her law degree, Laura is a trained and experienced mobile phone analyst. Laura conducts most of our social media forensics, and in a recent rape case, was able to demonstrate that the exhibited Facebook messages had been faked. This led to the witness admitting they had deliberately falsified the evidence.
