1999 MRCS

1995 MB BS

Current Appointment

I was appointed as a Consultant in Trauma and Orthopaedic Surgery at Wirral University Teaching Hospitals NHS FT in November 2006. My area of specialist interest includes primary and revision hip/knee arthroplasty surgery, knee arthroscopy and hip and knee trauma. My subspecialty interests include periprosthetic fractures and arthroplasty infection for which I am the departmental lead. I remain involved in teaching and was the regional lead for hip teaching for the orthopaedic trainees.

Medicolegal Experience

I have been involved in Personal Injuries since 2006 and produce only subspecialty hip and knee reports, around 10-15 per annum. Reports are approximately 25% joint instruction, 70% claimant and 5% defendant. I have completed training in medicolegal reporting and remain up to date with current procedures. I have also been involved with Clinical Negligence reports since 2015 involving hip and knee primary and revision arthroplasty and trauma, and presently complete Medical Negligence reports specifically in the region of 15 – 20 per annum. I have experience of attending Court.
