#### CURRENT CLINICAL ACTIVITY (2019/20)

---

I have run a trauma and upper limb surgical practice for many years, NHS and Private. I have just stopped operating (December 2018) and seeing NHS and private patients (February 2019) and have increased my medico-legal and teaching work. I was a consultant in the orthopaedic and trauma unit in Coventry for 29 years until 2017. This is a level 1 trauma unit serving a wide area and covering about 1,000,000 population. I

am in close contact with the orthopaedic surgeons I worked with and continue to attend hand surgery teaching sessions, medicolegal meetings and conferences such as the Bond Solon meetings. I maintain full accreditation through yearly appraisal, GMC registration and I carry MDU insurance.
