CURRENT CLINICAL ACTIVITY

Coventry is a Level 1 Trauma unit. We have one of the largest Trauma and Orthopaedic units in the UK (23 Consultants and many junior doctors). We provide a comprehensive service for at least 500,000 people. I am a full time consultant in this unit with extensive experience in Orthopaedic & Trauma surgery. As the unit has grown and we have appointed more surgeons I have been able to increase the proportion dedicated to upper limb surgery which is now the bulk of my workload. I work in Coventry, Rugby, Leamington and Solihull in both the NHS and independent sectors.

TEACHING, RESEARCH AND PUBLICATIONS

Teaching and training for the Warwickshire Orthopaedic Registrar Training Programme and for Warwick University Medical Students. Published articles in journals and textbook mainly concerning upper limb surgery. Presentations and Research concerning hand and tendon Injuries. Presentations on other surgical topics in the UK, Hong Kong and Spain. Medicolegal presentations.
