ORTHOPAEDIC EXPERIENCE

I have been a Trauma and Orthopaedic surgeon since 2003 and was appointed Consultant in 2010. I have a broad experience in all orthopaedics and general trauma. My full time NHS commitments include regular general trauma on calls along with taking specialist upper limb trauma referrals. I am Clinical Lead for Audit, a member of the Clinical Audit and Effectiveness Group and I am an Honorary Clinical Lecturer for Cardiff University.

SPECIALIST INTERESTS

I have a specialist interest shoulder and upper limb surgery (including sports injuries, trauma, arthritis and frozen shoulder, rotator cuff pathology and shoulder instability). I have received extensive speciality training including a 1-year Overseas Fellowship and post-fellowship Senior SpR post in Shoulder and Upper limb Surgery.

MEDICO-LEGAL WORK

I have been working in trauma and orthopaedics for over 15 years and have gained much experience in trauma from minor injuries to the most serious multiply injured patients. I provide personal injury/medical reports on conditions from simple soft tissue/whiplash injuries to general trauma and specialist upper limb injuries.

I am accredited with Medco, I am an Expert for the Association of Professional Injury Lawyers and listed in the Expert Witness directory.

I have completed the BMA Working As An Expert course, Medico-legal Expert Witness In Clinical Negligence and Advanced Medico-legal training courses. I attend the yearly BOA medico-legal seminars and maintain regular medico-legal CPD.
