37. GCP refresher course, Manchester, March 2015

MEDICO-LEGAL EXPERIENCE

I undertake medico-legal work in the form of clinical negligence claims (standard of care, causation, condition and prognosis etc.) relating to General and colorectal surgery. I have recently started medicolegal work and have written 4 reports in the last 12 months. I am the clinical governance and mortality lead for General surgery and am regularly involved in case reviews in my trust. I am also a journal reviewer for international journals. I have also published over 40 peer reviewed papers.

I have done the medicolegal course in clinical negligence and Bond Solon's Excellence in Report Writing. I am planning to increase my medicolegal practice and plan to do other courses to keep up to date.
