Dear Dr Sethi,

I hope all is well.

I can only apologise for the delay, I was on furlough and since been busy trying to catch up.

Of course:

“Dr Sethi was instructed to review a high volume of case documents and provide his opinion as a defence expert, by way of a report for a complex child matter. He was very thorough in his approach and extremely professional throughout. Should the opportunity arise, I would instruct Dr Sethi again in future.”

Please let me know if anything further is required.

Kind regards

Samantha
