

Roger Oliver Plail

Curriculum Vitae

Mr Roger Oliver Plail BSc MBBS MS FRCS CUBS is a Consultant Urologist at the East Sussex Healthcare Trust, Conquest Hospital, Hastings and Eastbourne District General Hospital, Eastbourne with private consultations at Spire Sussex Hospital, Hastings.

Qualifications

2018 CUBS Cardiff University Bond Solon Expert Witness Diploma

1991 MS Master of Surgery Thesis University of London

1981 FRCS Royal College of Surgeons of England

1976 MBBS St Mary's Hospital Medical School

1973 BSc in Psychology and Sociology, Middlesex Hospital and Bedford College, University of London

Clinical Experience 1991 to 2018

I have had extensive general urological experience for almost thirty years as a District General Hospital Consultant with open and laparoscopic surgical expertise. I have particular specialisation in Endoscopic Urology, Urological Oncology, Female Incontinence, Male Erectile Dysfunction and Vasectomy Reversal.

Representative positions

Past President of Royal Society of Medicine Section of Urology
2015 - 16

Council member of the British Association of Urological Surgeons
1994 - 2000

Chairman of the South Thames Urology Specialty Training
Committee 2008 - 2013

Member of the Joint Colleges Higher Surgical Training Specialty
Advisory Committee in Urology 2009 – 2015
Chairman of Conquest Hospital Consultant Medical Advisory
Committee 2007 – 2012

Medicolegal Experience

I have been in medicolegal practice for approximately 10 years undertaking work for instructing agencies including Premex, Speed Medical, UKIM and St Helen's Law.

I was awarded the CUBS Cardiff University Bond Solon Certificate in Criminal and Civil Law in July 2108.

I have undertaken a large number of Personal Injury cases on behalf of the claimant. These are often complex with associated brain injury and significant spinal and pelvic injuries with consequent upper and lower limb neurological damage and associated damage to bladder, bowel and sexual function.

I have undertaken defendant work in cases of alleged sexual misconduct associated with erectile dysfunction.

I have undertaken litigation work for Premex+ and Speed Medical. This work has been approximately 90% claimant and 10% defendant. I have had trial court experience with cross examination.

Educational Experience

I have had wide ranging experience in medical education both internationally and nationally and have convened international meetings with the Royal Society of Medicine Section of Urology.

I have been a regular contributor to Urological training at the Royal College of Surgeons and have convened national meetings for training Urological Nurse Specialists.

I have had regular commitments to undergraduate medical student training from Guy's, King's and St Thomas' Medical Schools and have examined at MBBS for St Bartholomew's and the London Hospital Medical Schools and Guy's, King's and St Thomas' Medical School.

I have been a regular reviewer of publications submitted to the British Journal of Urology International.

Publications

I have published in the field of laser therapy of superficial bladder tumours, management of obstructive ureteric stones and the surgical management of patients with extensive pelvic malignancy.

Personal interests

I am a keen cyclist, runner and tennis player. I sail trapeze dinghies and have a Private Pilot's Licence.

I am a former trustee for The Urology Foundation Charity TUF which raises a million pounds a year for Urological research projects and supports patients with benign urological and cancer related conditions.
