

MEDICAL & LEGAL ADMIN SERVICES

OUR ETHOS

At MLAS our main focus is that you, the customer receives high quality, robust reports from our experts.

We are your first point of contact with new instructions or enquiries, we ensure that you are kept up to date throughout the reporting process, while our experts deal with the case.

HOW WE WORK

- We always assign two administration professionals to each expert case to ensure optimum service
- Our administrators have access to the expert's diary to book in urgent appointments
- We will chase any document or information you require
- We manage the expert's administration, calendar schedules and logistics, so we are best placed to give you the information you require instantly
- We will update you regularly as to what stage the report process is at
- We will notify you if there are any additional documents required or missing
- Our administrators are always available by telephone or email
- We do not charge you for our services, our contractual relationship is with our experts

There are no hidden costs!

OUR MEDICAL EXPERTS

- Are all General Medical Council registered
- Take instruction for both claimant and defendant
- Will prioritise time sensitive/urgent cases
- Deliver factual fair and balanced reports
- Will undertake domiciliary visits
- Are based throughout the UK

INSTRUCTIONS OR QUERIES CAN BE SENT USING THE FOLLOWING METHODS

Our Experts are amongst the most accomplished medical professionals in the UK

PAIN MANAGEMENT

Dr Mark Alexander-Williams, Consultant Anaesthetist Specialising in Pain Medicine

Dr Alexander-Williams is happy to write medico legal reports for Claimants, Defendants or joint instructions. Dr Alexander-Williams has been carrying out this work for five years and up until recently fitted this work around a busy clinical workload, this work is now performed in pre-booked sessions.

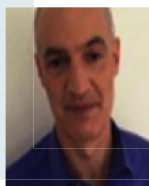

Dr Neal Edwards, Medico Legal Expert in Musculoskeletal Disease, Pain Management and Anaesthesia

Dr Edwards has been preparing Medical Reports specialising in Musculoskeletal Conditions and Pain Management since January 2000 and currently prepares an average of 40 reports per month. Dr Edwards attends court if and when required. Dr Edwards has also been involved with Medical Negligence cases in both Pain Management and Anaesthesia.

Dr Dimitriy Leschinskiy, Consultant in Pain Medicine and Anaesthesia

Dr Leschinskiy is a full time Consultant in Pain Medicine and Anaesthesia. His special interests are musculoskeletal and post-traumatic pain and neuropathic pain conditions. He is particularly interested in issues of functional restoration in pain patients and the role of opioids in non-malignant pain.

Dr Mark Miller, Consultant in Pain Management, Medico Legal Practitioner

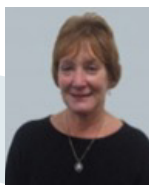

Dr Miller has been writing medico legal reports in pain management since 2000. He writes on average 30 per month. Dr Miller has extensive experience in both claimant and defendant work and has done a large number of joint reports. He has experience in clinical negligence work.

NURSING/MIDWIFERY

Ms Lynda Lee, Medico legal Expert in Nursing and Care

Ms Lynda Lee can act as an expert witness, including the preparation of care needs reports and appearing in court, in all cases relating to nursing care. Her reports for palliative care include those suffering with mesothelioma, cancer and other terminal conditions. As well as quantum reports, she accepts instructions to produce reports on liability, medical negligence and loss of services and also undertakes assessments alongside professionals allied to medicine to produce a multi-professional report. Her reports are split 50:50 between claimant and defendant in both liability and quantum cases. Ms Lee has gained accredited Expert Witness status through Cardiff University/Bond Solon.

UROGYNAECOLOGY/OBSTETRICS

Dr Wael Agur, Urogynaecologist

Dr Agur's interest is in clinical negligence and product liability case work in relation to transvaginal implants (mesh and graft) for incontinence and prolapse. He also provides clinical negligence reports in general obstetrics and gynaecology. Dr Agur attended and gave evidence at court proceedings in Australia as one of the world-renowned experts and has recently appeared on the BBC Panorama programme focusing on transvaginal mesh implants.

Mr Mohamed Riad Consultant Urogynaecologist

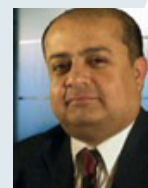

Mr Mohamed Riad is a Consultant Urogynaecologist as well as a General Gynaecologist. Mr Riad is the RCOG (Royal College of Obstetricians and Gynaecologists) College Tutor at The Royal Wolverhampton NHS Trust providing oversight to training of doctors aspiring to become specialists in the field. In addition, he is accredited to provide training to doctors wishing to do the advanced training skill module in Urogynaecology. Mr Riad has experience in writing medico legal reports on transvaginal implants (mesh and graft) for incontinence and prolapse. He also provides clinical negligence reports in general obstetrics and gynaecology.

NEUROSURGERY/SPINAL SURGERY

Mr Debapriya Bhattacharyya, Consultant in Neurosurgery and Spinal Surgery

Mr Bhattacharyya has been preparing Medical Reports as an expert in neurosurgery since 2007. Mr Bhattacharyya specialises in medical negligence, personal injury and compensation cases in general neurosurgery and cases related to his areas of special interest.

Mr Henry Budd, Spinal Surgery

Mr Budd is a full time Consultant Spinal Surgeon with Royal Devon and Exeter NHS Foundation Trust. He is particularly interested in the degenerative spine including cervical, thoracic and lumbar pathology. He is on the Specialist Register for Trauma and Orthopaedic Surgery.

Mr Mark Prempeh, Spinal Surgeon

Mr Prempeh is a Consultant Spinal Surgeon with Ipswich NHS Trust and Mid Essex Hospital Trust. His special interest includes degenerative spine disease, anterior lumbar surgery, spinal infections and minimal invasive (keyhole) surgery. Mr Prempeh is on the Specialist Register for Trauma and Orthopaedic Surgery.
