NHS Position	Consultant in Trauma and Orthopaedic Surgery Liverpool University Hospitals Foundation Trust

Medico-legal Experience

I have been in medicolegal practice from 2002. I hold a post-graduate diploma with commendation in Medical Law, and maintain regular medicolegal CPD using accredited learning methods. Most of my reports are now on complex fractures and seriously injured patients. My reports are illustrated as necessary, and referenced as needed to the orthopaedic literature.

Personal Injury (about 150 reports a year)

Specialist Interest:	Complex fractures (upper and lower limb), multiply injured patients, amputations, fractures treated with external fixation, open fractures, compartment syndrome, osteomyelitis and Fracture Related Infection
Claimant: Defendant	About 60:40 for catastrophic injury, amputation, and multiply injured claimants, and about 85:15 overall.
Court Appearances:	2011,2016,2018 (settled in Court), many scheduled for 2025.

Clinical Negligence (about 12 reports a year)

Area of expertise:	Complications of fracture treatment, amputations, compartment syndrome, nonunion, malunion. Limb Reconstruction Surgery - limb lengthening, deformity correction, osteomyelitis and Fracture Related Infection
Claimant: Defendant	About 50:50
Court Appearances:	called on many occasions, but all settled before hearing.

Clinical Experience

I have been a full-time Consultant in Orthopaedic Trauma and Limb Reconstruction from 2002.

My specific area of acute trauma expertise is in treating **multiply injured patients**, complex fractures of both upper and lower limbs, **open fractures**, and the use of **external fixation** devices such as Ilizarov frames and Taylor Spatial Frames.

I carry out **limb lengthening**, **deformity correction**, and regularly treat **osteomyelitis** in both upper and lower limbs. I treat **complications of fractures** such as nonunion, malunion, Fracture Related Infection, joint stiffness and contractures.

I have a specialist tertiary practice in reconstruction of foot and problems after **neurological injury**, after complications of diabetes, and in the treatment of complications after **amputation surgery**.

I am an Examiner Assessor for the Intercollegiate Surgical Board and the International Surgical Board. I was previously an intercollegiate examiner, Training Programme Director, member of the Specialist Advisory Council, and part of Council of the British Limb Reconstruction Society.

A full list of my publications can be found [here](#). My full CV is available on request.

Terms of Engagement and Timeframes

I prefer paperless communication. An email regarding any further records required to complete my report is sent within 5 working days after the medicolegal consultation.

My approximate turnaround times are:

Personal Injury Reports and Condition and Prognosis Reports: about 35 working days* from the consultation if all records provided prior to appointment, and about 30 working days* after receipt of last set of records needed for report.

Breach of Duty and Causation reports: about 10 to 12 weeks after receipt of all records

Supplementary Reports, Correspondence, CPR Part 35 responses: 25 working days* after receipt.

**working days exclude prebooked annual leave and professional leave – calendar available on request.*
