Tel: (Mobile) 07989 432 262, (Office) 02381203765

GMC 5202870

Medico-legal experience:

I comply with the civil Procedure Rukles 1998 (Revised Oct 2009) and have undergone training in the principles of the Test cases of Bolam (England and Wales) modified by Bolitho, Bailey (Eng) Hunter (Scot) and Montgomery.

I have particular niche in the following

General Surgery

Hernia repair (open and laparoscopic), post hernia repair pain

Gall bladder surgery (open and laparoscopic), post cholecystectomy syndrome, bile duct exploration, ERCP, bile duct injury repair, Emergency General surgery.

Liver Surgery

Laparoscopic and open liver resections for malignant and benign disease

Bile duct resection and reconstruction

Treatment of liver tumours by interventional approach, such as Ablation, TACE, SIRT

Biliary surgery

Gall bladder surgery

Bile duct surgery

Gall stone treatment

Post cholecystectomy pain syndrome

Pancreatic disease

Pancreatic cancer surgery (Laparoscopic and open)

Pancreatitis (acute and chronic)

Pancreatic cystic disease

Sphincter of Oddi Dysfunction

Medico-legal Training

- 2018 Inspire MediLaw Expert Witness Training.
- 2016 Avoiding Litigation and overcoming pitfalls in practice, a conference for surgeons, Royal College of Surgeons.

Indemnity:

I am fully insured with the W.R.Berkley UK Limited for my work as an expert witness (policy number: WB894F18A000).

Information Commissioner:

I am registered with the information commissioner (Reference number: ZA449950) and comply with data protection. Medical records are stored in a locked office and are shredded at the end of a case. Computer records are stored on password protected and encrypted disc.

Profile:

I am a highly motivated, diligent, enthusiastic and hard working with lateral and innovative thinking surgeon. I strive to achieve high standards in clinical and academic goals. The determination and persistence to continue achieving high standards is one of my strong attributes. I always deliver on targets, with excellent communication, negotiating, planning, time management and decision-making skills.

I qualified in Medicine with an MBChB from the University of Baghdad. Following that I moved to the UK and finished my surgical training. I started my clinical research training in Leeds where I was awarded a Royal College of Surgeons Research Fellowship in 2005 and a Medical Research Council Clinical Training Fellowship in 2006. I was awarded a PhD in 2009 and Hunterian Professorship from the RCS (Eng.) in 2011. I have published more than 40 research articles in peer-reviewed journals. I developed a niche in laparoscopic liver and pancreatic resections. I have gained experience in laparoscopic bile duct exploration.

Current Responsibilities:

Over the last ten years I was practicing as Consultant HPB, and General surgeon in University Hospital Southampton Foundation NHS. My time is spent in clinical service (acute general and HPB). I am responsible to look after patients in the HPB unit and attending weekly theatre sessions, clinics. I attend local and outreach MDTs. I perform complex biliary stone surgeries. I am on the general and trauma on call (1:12). Furthermore, I participate 1:6 on call for HPB service to cover regional HPB emergencies.

Additional responsibilities:

- Clinical lead Wessex oncology CRN-NIHR
- Senior clinical lecturer, University of Southampton
- Immediate past president to BASO-ACS
- Court of examiners of the Royal College of Surgeons of England

Clinical Experience:

General

I am experienced in performing emergency laparotomies, abdominal and thoracic trauma patients. I am experienced in laparoscopic and open complex hernia repairs.

Endoscopy

I am independent in performing diagnostic and therapeutic upper GI endoscopy. As well I am independent in Endoscopic Retrograde Cholangio-Pancreatogram (ERCP).

HPB procedures.

Benign:

Laparoscopic Cholecystectomy ± on table cholangiogram and laparoscopic CBD exploration.

Bile duct repair and reconstruction.

Pancreatic necrosectomy (open and minimally invasive)

Pancreatic drainage for chronic pancreatitis.

Benign liver cyst fenestration.

Malignant:

Pancreaticodoudenctomy (open and assisted in laparoscopic)

Distal Pancreatectomy (laparoscopic and open)

Gall bladder and Bile duct cancers

Major liver resection for primary and secondary cancers.

Hilar and coeliac lymphadenectomy.

Trisectionectomy, IVC and portal vein resections.
