Terms of Instruction.

Reports only fees

Reports are charged at £195 per hour with usual report fees from £585 - £1170 depending on their complexity. Additional charges for administrative perusal, phone calls and email correspondence are at 6-minute increments.

Clinical Examination and Report fees.

Clinical examinations can be provided at a practice in Mawsley, Northamptonshire, with a minimum of four weeks' notice. The cost is £195 per hour, usually one hour is sufficient. This will include any necessary small dental x-rays to enable an up-to-date diagnosis. This might be necessary if the existing X-rays are not contemporary, or where there is a lack of appropriate images.

(A large X-Ray (Oral Panoramic) will incur a further cost of £50)

The clinical examination will normally be preceded by a tele-consult over Teams/Skype/Zoom or telephone. I prefer this method as it allows me to capture a thorough history prior to the clinical examination. This will be charged at £50 per half hour, usually one-half hour is sufficient.

NB Any appointments missed or cancelled with less than 48 hours-notice will be charged in full.

To ensure timely and accurate reports please ensure terms of instruction are clear by outlining:
