- A mature and experienced professional with experience in a variety of roles and business sectors. I have continued to further my education throughout my career and sought challenges outside my chosen profession.
- I have held, and continue to hold, roles in management, professional regulation, teaching, and give my time to unpaid positions, which I find very fulfilling.
- I enjoy the challenge of new projects and work well within a team, as well as acting as a team leader.
- I have a logical, methodical approach to problem solving and have gained valuable experience in face-to-face communication.
