Additional Information:
My initial medico-legal work was between 2008 and 2011, following which I left the NHS for clinical private practice, with interest in Cosmetics Gynaecological Work. At the initial phase of sole private practice, I produced some medico-legal reports, however I became quickly engulfed with clinical practice and stopped the medico-legal work. I did keep some ongoing interest with CPD, but due to several reasons, did not feel I could continue. I returned into NHS clinical practice in 2017, till date, and now feel ready to take on more medico-legal work.
