- Royal Osteoporosis Society (ROS)
- Fellow of the Royal College of Physicians (FRCP)
- Diploma in Sports and Exercise Medicine (DipSEM)
- Medical Protection Society (MPS)

## MEDICO-LEGAL PRACTICE

Available for medico-legal instructions within recognised areas of clinical expertise, including inflammatory arthritis, connective tissue disease, axial spondyloarthritis, osteoporosis, osteoarthritis, vasculitis and chronic pain conditions. Areas of work include personal injury, clinical negligence, family law and insurance-related matters, encompassing condition and prognosis reports, breach of duty and

causation opinions, screening reports, and joint expert instructions. Assessments may be undertaken remotely or face-to-face where appropriate, for adult patients aged 17 years and above. Medico-legal work is undertaken only within areas of specialist clinical expertise, with a commitment to compliance with CPR Part 35 and the duties of an independent expert witness.
