GEBERIT CARES

AQUACLEAN MERA CARE.

INNOVATIVE THINKING
FOR INDEPENDENT LIVING

DESIGN
MEETS
FUNCTION

WE ARE COMMITTED TO THE HIGHEST POSSIBLE STANDARDS IN INDEPENDENT CARE. **YOURS.**

Geberit cares about innovation in independent living. By understanding the OT's and end user requirements we are able to offer an unrivalled package that will make you feel confident you are choosing the right product.

- Designed with aesthetics and function at its core
- Designed and adapted specifically for the needs of the care market
- Specialist sales team who understand the market
- We understand that the budget is important
- Easy personalised settings - no need for an engineer to be called out
- 3 year guarantee and 25 year parts stocking guarantee for internal cistern working parts.

"Most people over 65 live in ordinary homes, rather than specialist housing, and this is where they want to stay as they grow older. Adapting and improving homes can vastly improve people's comfort and enable them to maintain their independence and dignity."

THE GEBERIT AQUACLEAN MERA CARE

DEVELOPED FOR **INDEPENDENT LIVING**

The Geberit AquaClean Mera Care shower toilet is designed to put you in control.

Its innovative features include a hybrid hot water system with continuous flow heater and water storage heater guarantees warm water even if the wash is run one after another. The one minute wash cycle draws from the warmed tank of water and the continuous flow heater on the first use, this can be followed by another minute of wash with warm water directly from the continuous flow heater, whilst the water storage tank refills. Thanks to this technology you'll always have a warm water wash and the confidence to feel clean. Warm air drying will leave you clean and fresh, along with a single activation control panel for ease of use. Everything is designed with your comfort and convenience in mind.

Our development team have been working on the Geberit AquaClean Mera Care design for independent living for several years, utilising the Geberit Group's experience and expertise. We are constantly evolving and enhancing every aspect of our care products and have installed a number of these units across the UK during the development phase to test their installation and use, and to seek feedback, so we were able to make any enhancements required.

MEET **THE DESIGNER**

Christoph Behling was born in Geneva and grew up in Germany. He studied industrial design at the State Academy of Fine Arts in Stuttgart along with Richard Sapper. He began his career developing solar-powered boats during his time in Stuttgart, and then made a name for himself as a designer of sustainable products. In 2004, he founded the Christoph Behling Design Studio and SolarLab Research & Design in London. In the same year, he started working as lead designer for TAG Heuer, the Swiss watchmaking specialists. He has also been designing products for Geberit since 2006. Today, Behling is one of the most respected industrial designers in Europe. His work has repeatedly been awarded international prizes.

"For over four years, we worked together with around 30 engineers from various Geberit departments to develop the Mera. The end result is a quiet, beautiful toilet, which is better than all the others in almost every respect. There is currently no other shower toilet on the market that flushes as quietly and as efficiently as the Mera. The spray nozzle is gentle yet thorough. This would obviously also be the case if you used a lot of water, but the Mera cleans thoroughly and is environmentally-friendly at the same time due its low water consumption. The odour extraction unit works perfectly, and thanks to the gentle orientation light, you don't have to switch on the light during the night. The shower toilet can be easily adjusted with a great little remote control. The list of outstanding advantages is never-ending."

"There is currently no other shower toilet on the market that flushes as quietly and as efficiently as the Mera. The shower toilet can be easily adjusted with a great little remote control. The list of outstanding advantages is never-ending."

SWISS PRECISION
AND INNOVATION

WE HAVE SPENT 40 YEARS INVESTING IN THE DEVELOPMENT OF SHOWER TOILET TECHNOLOGY FINE-TUNING OUR PRODUCTS TO ABSOLUTE PERFECTION. THE RESULT? THE GEBERIT AQUACLEAN.

Over the last 40 years at the Geberit headquarters in Rapperswil-Jona, Switzerland, we have invested a wealth of experience and expertise in development work for the shower toilet technology, with each new shower toilet our technology develops and we are able to offer something else new and innovative.

Armin Gierer, Head of the Geberit AquaClean product range, expresses the philosophy behind our pioneering work: ‘When it comes to the development of our Geberit AquaClean shower toilets, we do not compromise on comfort and well-being. The calm, aesthetic design is based on a ground-breaking product concept and offers revolutionary, innovative technologies. Functionality, cleanliness and sustainability which set standards.’

“The revolutionary patented features are the result of a process of constantly perfecting that technology so it provides sophisticated Swiss precision in all of its functions, along withfinely-tuned performance, comfort and convenience. “

CREATING
INDEPENDENT SPACES

THE GEBERIT MERA AQUACLEAN CARE SHOWER TOILET PUTS YOU IN CONTROL

The Geberit AquaClean Mera Care shower toilet has been specifically designed to put you in control, giving you confidence and independence in the bathroom. Smart, stylish and easy to use, its advanced technology enables you to have a greater sense of independence in the bathroom.

Geberit innovation brings together a range of innovative features in the AquaClean Mera Care, cleverly designed and adapted to take care of your individual needs and to put you in control. You'll feel cleaner and fresher with a comfortable, convenient and hygienic bathroom experience.

"The Geberit functions are dynamic and can be tailored more to the individual due to their design in comparison to other leading brands!

They look better and work better in my opinion."

FIONA MARTINEZ
OCCUPATIONAL THERAPIST

YOUR PERSONAL **WELL-BEING PROGRAMME**

EVERYTHING PERFECTLY TAILORED AND CUSTOMISED TO YOUR REQUIREMENTS

Every person has unique requirements, which is why the Geberit AquaClean Mera Care can be adjusted, from the position of the spray arm to the water temperature and intensity, right through to the dryer setting. Geberit AquaClean is an ideal solution for most living situations.

↑ TOUCH-FREE OPERATION
With the touchless remote, using the Geberit AquaClean Mera Care can be completely hands-free. A sensor detects movement and automatically starts the washing and drying sequence. All functions will only operate when you are seated. It will even flush the shower toilet automatically before the wash cycle – easy, private and convenient.

↑ PERSONALISED COMFORT
With the enhanced memory function on the remote control, you can select your own programme and store it, so that it can be used again and again. For added convenience, once saved the settings can be activated by the opto-remote or control panel. The remote also includes a button for flushing.

↑ TOTAL CONTROL
The wash and dry cycle can be easily activated by either the push-button control panel located to the side of the toilet, or the remote control, providing you with maximum control.

↑ ADJUSTABLE HEIGHT
Geberit AquaClean Mera Care (with a height range of 440mm – 560mm) is flexible to accommodate specific seat height requirements at installation, thanks to the in-built height adjustable stainless steel frame.

↑ ASSESSMENTS
As a service to you, our team of Product Specialists will work together with you and your Occupational Therapist to assess your requirements, free of charge and in the privacy of your own home. This is so you can be sure that the product is just right for you.

TOTAL CONTROL WITH NO CALL OUTS

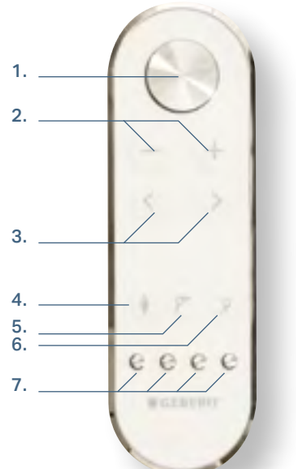

THERE'S NO NEED FOR AN ENGINEER, YOU CAN CONTROL ALL SETTINGS WITH THE REMOTE CONTROL OR THE **AQUACLEAN APP**

Spray functionality with comfort settings that can each be individually set to five levels.

Four user profiles can be saved individually.

Option to make individual settings with the display on the rear side.

1. Start/stop shower
2. Spray intensity
3. Spray arm position/ Oscillating spray
4. Lady shower
5. Dryer
6. Flush actuation
7. User profiles(1-4)

With our new App, you can personalise your comfort levels to suit your individual preferences. It's compatible with the Geberit AquaClean Mera Care toilet and also includes access to helpful short videos to help you improve your AquaClean experience. It couldn't be easier or more suited to your needs.

- → **Applicable on other AquaClean models in hospitality settings**
- → **Works with IOS, Android and tablets**
- → **Connects with Bluetooth**
- → **Personalised settings**
- → **Care and maintenance section, including warranty details and technical support**
- → **Useful videos for the user**

ACCESSORIES SUITABLE FOR **GEBERIT AQUACLEAN**

QUALITY PRODUCTS FOR LONG-TERM SUPPORT

To ensure an all round comfortable experience Geberit AquaClean Mera Care can be used in conjunction with sani commode chairs and wall mounted grab rails, ensuring a feeling of well-being and offering added comfort and convenience.

SANI COMMODE CHAIRS FOR ADDED ASSISTANCE

A range of sani commode chairs are available and compatible with the Geberit AquaClean Mera Care.

WALL MOUNTED GRAB RAILS FOR ADDITIONAL SUPPORT

Grab rails provide extra support when seating and raising.

FREQUENTLY ASKED QUESTIONS

ALL YOU NEED TO KNOW

WHAT ARE THE BENEFITS?

For a more thorough and soothing clean, the gentle spray of warm water is kinder to your skin than cleaning with paper. You feel clean, rejuvenated and experience a higher level of satisfaction.

HOW DOES IT WORK?

Take a seat as a spray of warm water activates and washes you at an intensity level to suit you. As soon as you sit down, the odour extraction will be activated and finally you will be dried gently with a flow of warm air.

IS IT EASY TO USE?

Yes. Geberit AquaClean Mera Care has been designed with you in mind. It offers a variety of control options that allow you to choose whichever functions are most convenient. Even hands-free operation is included without compromising on individuality.

IS IT SUITABLE FOR PEOPLE WITH HEALTH PROBLEMS?

Yes, it is ideal for people who suffer from skin irritations in sensitive areas. This is because it cleans gently and thoroughly with fresh water. Many users find that their symptoms are considerably alleviated or even avoided.

HOW SUSTAINABLE IS IT?

Geberit AquaClean Mera Care makes the need for toilet paper obsolete. It only uses a small amount of well-directed water each time you activate the spray function. Paired with low energy consumption we have developed a feature packed shower toilet that is as sustainable as a conventional WC. Please contact us on freephone 0800 032 9629 to request a copy of our sustainability report.

CAN IT BE USED IN CASE OF A POWER CUT?

Yes it can. There is a mechanical flush button included, so you can continue using the Geberit AquaClean Mera Care as a standard toilet, should you experience a power cut.

HOW LONG IS A GEBERIT AQUACLEAN MERA CARE SHOWER TOILET LIKELY TO LAST?

In our experience, it can last up to 15 years. As with conventional toilets the lifespan of the WC will depend on how well it is maintained.

IS A LID AVAILABLE?

The Geberit AquaClean Mera lid can be added quickly and easily. The article number to order is 243.211.11.1 .
Contact 01926 516 807 to make your purchase.

CAN IT BE CLEANED LIKE A CONVENTIONAL TOILET?

Geberit AquaClean Mera Care features a unique dirt-repellent finish for easy care and the highest standard of hygiene. Regular cleaning with a soft damp cloth and the Geberit AquaClean Mera Care cleaning agent, is recommended to keep the shower toilet in good condition.

WHO CAN INSTALL THE PRODUCT?

We were keen to develop a product that's innovative and easy to install. As a result, any qualified installer of your choice will be able to carry out the job.

WHERE CAN I PURCHASE OPTIONAL EXTRAS?

If you require an optional extra such as grab rails or a toilet lid, these must be purchased separately contact us on freephone 0800 032 9629.

WHO ARE GEBERIT?

Geberit is the European market leader in sanitary technology. Since its founding in 1874, the company has been a pioneer in the industry and continuously thrives on its Swiss precision and engineering. Geberit is recognised for producing state of the art products renowned for their endurance and cutting edge design.

The product range includes sanitary and plumbing systems, and ceramics. Geberit products are innovative, durable and ecologically efficient. The main production sites are situated in Switzerland, Germany and Austria.
