Wealden Rehab
Care Equipment Excellence

The Turtle bathing support chair is simple and innovative solution that is helpful in the paediatric care environment.

Turtle can be easily adjusted to each child's or small adults needs. It features a height adjustable seat and its' versatile frame that allows the user to adjust the tilt angle of the four sections; footrest, seat, backrest and headrest.

Waterproof construction
Aluminum foam filled frame for longevity.

Lightweight
Made of lightweight and durable materials.

Compact design
When folded occupies very little space.

Easy to use
Adjusting does not require the use of tools.

Safety
Seat belts protect the child while bathing.

12 months warranty
12 months warranty and after sales service.

Recommended for

- Cerebral palsy
- Musculoskeletal abnormalities
- Amputees
- Degenerative joint disease
- Paralysis
- Limb injuries

The Turtle is constructed with strong aluminium polyurethane foam filled frame, ready for use in wet environments. It's fitted with foam covers to protect your bath. Turtle's frame is covered in a waterproof nylon webbing for longevity.

Designed with safety and support in mind

Adjustable head support
help with positioning.

Trunk support maintains
a safe position.

Lower limb support
promotes stability and comfort

Sizing and colours

Turtle is available in different colours depending on size.

Accessories

Turtle Vacuum Support Cushion

A vacuum cushion which can easily be shaped to the users body. This enables good body positioning and excellent pressure management for the prevention of sores. Available in corresponding sizes to work with the Turtle bath support.

BodyMap K fixing kit

Velcro straps for fastening the BodyMap K mattress.

Turtle platform

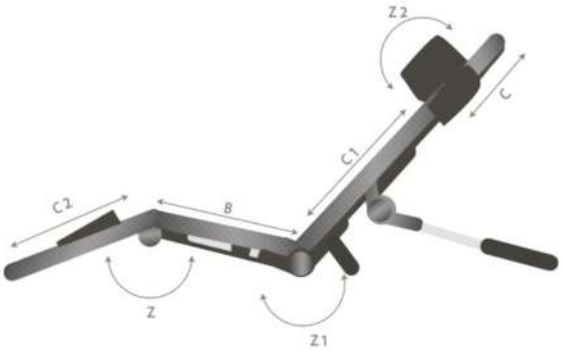

Waterproof wheeled base.
